Important Information				
<p>1. For assistance in identifying trees or preparing this form, please contact Eagle River Wildfire.</p> <p>2. Your Residential Wildfire Mitigation Contact is Tim Swaner; tswaner@eagleriverfire.org</p> <p>3. Please provide photos of the trees to be removed for Wildfire Mitigation.</p> <p>4. Please provide proof of neighbor(s) notification, exp. certified mail receipt</p> <p>5. If your property is in an enclave that has its own DRB or landscaping requirements, please obtain their approval.</p> <p>6. Tree removal and replanting (if required) is the responsibility of the homeowner.</p> <p>7. This form applies only to tree removal/replanting for compliance with CPOA's Wildfire Mitigation Resolution.</p> <p>8. This form is not for use with plans submitted to DRB for new home construction or enlargement projects.</p> <p>9. There is no fee for DRB approval to remove trees related to fire mitigation and not new construction.</p> <p>10. A CPOA representative will conduct a post removal inspection, and has the authority to require replanting if deemed necessary.</p>
