

Steve Houk – Biography

Why I am running for the CPOA Board:

I am submitting my self-nomination as a candidate for the position of Director, CPOA Board. Many of the CPOA's issues involve the Annual Budget and financial matters. I am running for the CPOA Board because I believe that my experience and background in finance, budgeting, cash management and financial negotiations would benefit Cordillera. I have served for six years on the Kensington Green HOA Board, currently as President. This experience has taught me the importance of being able to lead an open and transparent process for community decision making. I also understand the need for both boards in Cordillera – CMD and CPOA – to work together for the good of the community. I attend almost all CMD and CPOA meetings and am an active participant. We love living in Cordillera and are thrilled to be here. I would welcome the opportunity to continue to serve Cordillera in this new capacity.
